Hello.

I want to start by off by thanking you using the services of Accurate Bail Bonds, Accurate Bail Bonds of Arizona, SBI Bail Bonds or SBI Bail Bonds of PA. We are still and always will be a family run business that prides itself on how people are treated. Since that very characteristic has made us "preferred by most" in the areas we service, we are requesting your opinion on how you feel you were treated, from the original telephone call to the final handshake and those heartfelt words of good luck. Some responses will be placed on our website only revealing your first name, city and state. Please complete the section below and return this form to the office address listed above. We hope your traumatic experience has been made a little easier and that we have met your expectations. Thanking you in advance.
